

Due Date: Monday December 14th

The of Revolutionary War Began
Sung to the tune Mary had a Little Lamb

The Revolutionary War began, war began, war began,
The Revolutionary War began,
When King George taxed our colonies,

The colonists started to rebel, to rebel, to rebel,
The colonists started to rebel,
By boycotting British goods,

The patriots dumped into the harbor, to the harbor, to the harbor,
The patriots dumped into the harbor,
All of Britain's tea,

The king was furious o so mad, o so mad, o so mad,
The king was furious o so mad,
He placed the Intolerable Acts,

Soon after the war began, war began, war began,
Soon after the war began,
The red coats thought they'd win,

The rebels were the underdogs, underdogs, underdogs,
The rebels were the underdogs,
But still they held their ground,

The french joined in o yes they did, yes they did, yes they did,
The french joined in o yes they did,
To help the rebels win,

The war was over finally, finally, finally,
The war was over finally,
America was born.
