

Your name _____

DAY PLANNER

Your Task: Imagine you were a person living during this unit of study. You may choose to be a famous person, or an average person. You will create a day planner that details what you will be doing each hour of the day.

This entire sheet must be submitted with your assignment, stapled to the upper left hand corner.

Instructions:

- Include the name of your person at the top of your planner page. If you are choosing an average citizen, the name must be thoughtful and meaningful to the time period.
- Start with the hour of the day you would probably wake up.
- End with the hour you would probably go to sleep.
- Include an entry for every hour between those two events. (you must have at least 12 entries)
- Each entry needs to be a complete sentence and *must provide detail*. Do not just say “went to the market” when you should say “I went to the market to buy some meat for dinner because we have only one cow left and want her for her milk.”\
- At least 5 entries must include relevant historical facts from the unit.
- If an event lasts more than an hour then provide details of what would be happening there each hour.
