# VENN DIAGRAM

**Your Task:** Choose two important events or people from this unit. Complete a Venn Diagram exploring the similarities and differences between these people/events.

*This entire sheet must be submitted with your assignment,  
stapled to the upper left hand corner.*

**Instructions:**

1. Copy the chart below neatly onto your own paper.
2. Write the name of one event/person on one side and the name of the other on the other side.
3. In the first circle list 5 unique characteristics of event/person 1. These should be well thought-out and related to the importance of the person or event, and not “obvious” comparisons (not: “he’s a boy and she’s a girl”).
4. In the second circle list 5 unique characteristics of event/person 2.
5. In the middle section listed shared characteristics of the two events/people. If you cannot think of at least 3 similarities, you should choose different events/people.

## VENN DIAGRAM RUBRIC

Five characteristics of each person/event are thoughtful, detailed, accurate, and explained in detail.

\_\_\_\_\_/50

Similarities are well thought-out and at least 3 reasonable connections are made

\_\_\_\_\_/15

Spelling/neatness/organization of thoughts
